

Multimodal Molecular Imaging

25 March 2017, 11:00 - 17:00

Maastricht University, [Universiteitssingel 50](#)

Content

This course focuses on Multimodal Molecular Imaging

Target audience

This course is taught in the framework of the MSc+ program for talents in Master (university) education. Therefore, the course is appropriate for employees at that level.

Topics & Schedule

Tentative time: 11:00-17:00
To be established

Lecturers

Prof. Ron Heeren, Distinguished Professor, Limburg chair at Maastricht University

Ron Heeren obtained a PhD degree in technical physics in 1992 at the University of Amsterdam on plasma-surface interactions. After two years of post-doctoral work on FTICR mass spectrometry he joined the MOLART research team at the FOM-Institute for Atomic and Molecular Physics as a project leader. In 1999 he started a research group focusing on macromolecular ion physics with high-resolution mass spectrometry and the development of imaging mass spectrometry at AMOLF. In 2001 he was appointed professor at the chemistry faculty of Utrecht University lecturing on the physical aspects of biomolecular mass spectrometry. In September 2014 he was appointed professor and Limburg chair at Maastricht University and director of the Maastricht Multimodal Molecular Imaging institute (M4I). There he also runs the division of imaging mass spectrometry.

Ron Heeren will be accompanied by Tiffany Porta and Shane Ellis.

At the end of the course

You will have gained knowledge of the basics of Multimodal Molecular Imaging, its applications and recent developments.

Course duration and time investment

Course duration:	1 day from 11:00 till 17:00
Company time:	0 hours (as this course is on a Saturday)
Participant's investment:	1 day + optional self-study

Extra Information

This course is taught in the Saturday program of MSc+ program and is taught every two years.

Course fees:

- €800 (ex. BTW/VAT) per day
- COAST members pay a reduced fee of €400 per day (ex. BTW/VAT) or use a wildcard
- ASTP / MSc+ students: Free

Special fees can be offered to PhD students and companies registering for three or more persons.

For up-to-date information about the course program visit our website at www.ti-coast.com/L3.

Please contact us for more information.

Registration

To register fill out, sign and email the form attached to lifelonglearning@ti-coast.com.

Registration Form

Multimodal Molecular Imaging
25 March 2017, 11:00-17:00
Maastricht University, Universiteitssingel 50

Name	
Organization	
Address	
Billing address (if different from above)	
Educational background	
Email address	
Phone number	

Payment

- I will pay the full course fee of €800 per day (ex. BTW/VAT)
- I qualify for 50% discount, because my employer is a COAST participant, and will pay €400 per day (ex. BTW/VAT)
- I am a PhD student and will pay €400 per day (ex. BTW/VAT)
- I am a PhD student from a group participating in COAST and will pay €200 (ex. BTW/VAT) per day
- I have received a wildcard from: Therefore, I will follow this course for free (note: this person must receive a copy of your registration mail, to indicate approval)
